Subject: HCNC - Request for Street and Sidewalk Repair Locations

Dear Board Members,

The Bureau of Street Services has scheduled a Small Asphalt Repairs (SAR) truck for the Historic Cultural Neighborhood Council District on May 11.

I'm assembling a list of up to 15 locations that need repairs for damage such as potholes, bumpy uneven pavement, and sidewalks damaged by tree roots. If you have any suggestions, please send them to me by Wednesday, April 25.

For each location, please provide the address and a brief description of the damage.

If you have any questions, please read the attached FAQ sheet regarding this city program, or feel free to email or call me.

Many thanks,

Phyllis Ling
HCNC Secretary
213-880-8663
